# Mission

Love Alwayz is a 501(c)(3) non-profit public charity that cultivates **Community Grow Centers (CGC)** to increase food security and provide individuals with self-sustaining agricultural skills to nourish themselves to a healthier lifestyle for physical and mental well-being.

**CGC:** Central location(s) where we create permaculture gardens that are maintained by the surrounding community. Our goal is to develop these centers in food-insecure, urban areas.

**Garden of Treatz = MAIN COMMUNITY GROW CENTER (Located in Bradner, OH)**

## Initiatives

**Tree of Treatz:** We gift fruit and nut trees to families, organizations, and communities.

**Garden of Treatz Youtube Channel**

**Farmers' Market:** We offer fresh produce from the Garden of Treatz

**Sproutz:** Educate youth with important agriculture and environmental skills to become self-sustainable and food-secure

**Seedz:** Monthly subscription where we provide fruit, veggie, and herb seedz from Garden of Treatz
